Even to the Tiniest Leak

YOU can't afford to let any of that golden cream escape in the milk. If you know where the leak is you are going to stop it. We can show you how the Primrose stops the tiniest leak.

The Primrose Cream Separator stops clean to the very last drop. It is simply itself in operation. The Primrose is the only cream separator which doesn't obstruct the cream outlets in the bowl with a cream screw.

Running quickly over a few of the other high priced—substantial supply can, heavy moving, close skimming bowl, highest grade material, simple driving mechanism, all parts oiled by splash from supply in your case, sanitary frame.

There are several exclusive features whose values are obvious on a demonstration. We want to explain every one, and show how they all tend to save that valuable cream to the last valuable drop.

You are in the dairy business to make money. You need the warm skim milk for feeding. Let the Primrose help you. The size of your herd in no way affects the ratio of profit. The Primrose saves on the gallon—you can figure out your profits.

New Life for Sick Man

Eatonic Works Magic

I have taken only two boxes of Eatonic and feel like a new man. It has done me more good than anything else." writes C. G. Frappier.

Eatonic is the modern remedy for indigestion, flatulence, loss of appetite and indigestion. It quickly takes up and carries out the acidity and gas and enables the stomach to digest the food naturally. That means not only relief from pain and discomfort but you get the full strength from the food you eat. It has only costs a trifle with your druggist's guarantee. HAYNES & TAYLOR MARION KY

SEED CORN

Do you know that your seed corn will grow and profitable yield? Seed corn testing will tell you before planting in the field the germinating power of your seed corn.

Now is an excellent time to do your testing. If you do not know how come to the Farm Bureau office over Henry and Henry's shop and let the County Agent show you how easy it is. If you want your seed corn tested bring a fair sample out of the lot and we will test it for you. Don't have a lot of missing hills in your field this year because you failed to test your seed corn.

Local talent will present a play entitled

"The Little Clod Hopper"

at the Gen Theatre at Blackford Kentucky. Proceeds to go to the benefit of the Graded School.

The Newest Dresses

PROVE THE Charm of this Spring's modes in fabric, in color and in garniture. Every woman planning a Spring wardrobe will profit greatly by a visit here now.

Always the good taste of this section is evident in the way these Dresses are designed and in the effective trimming applied one notices particularly these

**Street Frocks of Piquintine or Twill Cords.
Afternoon Frocks of Canton or Roshanna
Crepe.**

**Dinner Frocks of Taffeta or Lace.
Evening Frocks Brilliant With Sequins.**

Definitely one reads their fashion message. Skirts are just a bit longer. The lowered waist line is too becoming to be discarded.

Dinner Frocks are demure as to neck line—many coming quite to the throat with just a suggestion of a sleeve—a fashion truly Parisian and indescribably smart.

Street Frocks are sophisticated as to material and rather elaborately trimmed, but charmingly simple in line.

DOVE GRAY—SAND SHADE—NAVY BLUE

These colors take precedence for daytime apparel—Frocks of black taffeta or satin too, are noted.

**Indeed All of Fashion Is Conveyed in These Models
AND SO ATTRACTIVELY PRICED.**

\$19.75, \$24.75, \$39.50,

\$49.50, \$69.50 and upward.
